

Dear Sponsors:

The year 2020 has proven to be a challenging year for everyone as the COVID-19 Pandemic launched an ongoing lethal attack upon society worldwide. Thus, bringing to the forefront a smorgasbord of issues that has cunningly evaded

review and rectification, which has overwhelmingly affected “People of Color” for centuries long past. Now, protesters are in the streets to confront some of these issues as: systemic racism, disproportionate judicial laws, economic and educational opportunities, housing, the State Flag, etc. This floodgate was sprung open by the live recorded “Death of George Floyd (8 minutes, 46 seconds)”! Although this tragic incident could be held as the necessary catalyst to provide disclosure to these matters of long time grave concern, the COVID-19 Pandemic is definitely REAL and here until a viable vaccine can be administered. Consequently, the “10th Annual Dog Gone Dition Festival” is indeed a “milestone” that shall move forward on Saturday, August 01, 2020. However, unlike many who alleged COVID-19 to be a hoax, we are compelled to proceed with this year’s event in accord with procedures set in place by our local City of Jackson and Health Administration Officials. Therefore, there will be substantive modifications set in place and MASKS will be a requisite for ALL who attend. Due to the impoverished lifestyle endured by the children this event serves it would be less than considerate not to make every viable effort to provide the school supplies, masks, sanitizer (until all gone), and music by a Live Disc Jockey to provide that ongoing necessary spirit of hope for a better day ahead.

Will You Please DONATE TODAY By Clicking On The “DONATE” BUTTON at: www.randywildmanbrown.com and Providing Your Payment Information Or You May fill out the form provided herewith?
